IQ8FCT electronic module with isolator for FCT

Part-No. 804981

Pluggable electronic module for FCT expansion with another monitoring contact input.

Quiescent current @ 19 V DC	45 μA
Alarm current	approx. 9 mA
Alarm display	red LED
Operation indicator	green LED
No. of detector/zone	max. 127 per loop
Connection terminal	max. 2,5 mm² (AWG 26-14)

Features:

· Tool-free installation on the FCT through simple connection of the module
· Contact input for monitoring fire event controls
· Addressable for individual localization of the fire event control
· Integrated line isolator

ℹ Pluggable electronic module for expansion by a contact input
